REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: A communication requesting that Applicants comply to the sequence rules was mailed 6-01-04, stating that the first amino acid sequence set forth in Figure 4 was not included on the Sequence Listing. However, during a telephonic interview with Allen C. Yun, it was pointed out to the examiner that in the amendment on 8-30-2000, Applicants amended the Brief Description of the Figures on page 18 by inserting wherein the first amino acid sequence listed in Figure 4 (i.e. GILR protein) corresponds to "(residues 76-101 of SEQ ID NO: 2)." The amendment of 8-30-2000 is considered to fully address the issue raised in the Notice to Comply with the Sequence Rules mailed 6-03-04.

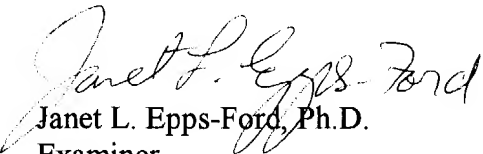

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
